

AFTERCARE

Our aim is to create a home away from home environment for the children, while reinforcing and practising the St Peter's values. Homework is supervised from 13:15 daily and once completed the afternoon programme is designed to be informal yet stimulating. This allows important life skills and character development to take place.

Aftercare runs from 13:00 to 17:30 in the St Peter's Boys Junior Prep Hall and playground. An afternoon snack is included.

An Aftercare Holiday Programme will be offered in the April, August and beginning of December Holidays. This will be at an additional cost based on the package chosen by the parents; daily ad hoc, weekly, or full holiday. These holiday programmes will run weekdays, excluding public holidays, from 07:00 to 15:00. The children will be kept entertained with fun activities as well as free play. A light snack and water or juice will be provided throughout the day, however children are to bring their own lunch.
