1. CODE OF CONDUCT

1.1 Introduction and objectives

A certain standard of conduct is expected from the Parents, teachers and the Students. To sustain a healthy learning environment, it is important that these parties to the education relationship acknowledge their respective responsibilities and conduct themselves accordingly.

The Code of Conduct strives to provide a framework for orderly and purposeful education, but with enjoyment and fellowship with peers as an added advantage. It indicates the broad standards of behaviour that are expected of all Parents and Students at the College, and encourages a responsible and self-disciplined approach, rather than a punitive one based on fear.

It should also be noted that the Code of Conduct may also have a bearing on the behaviour of the Student outside of normal College hours, should the Student's conduct impact negatively on the teacher/student relationship or reflect badly on the College.

1.1. General conduct expected of teachers

The College selects staff members with the greatest care and seeks to ensure that their interaction with Students promotes the best interests, well-being, safety and success of each Student as far as they possibly can. All staff are required to act in accordance with the ethos and to abide by the College's Employee Handbook.

In addition, academic staff members are bound by the Code of Conduct of the South African Council of Educators, membership of which is obligatory for all teachers/educators and which requires, amongst others, that teachers undertake to:

- be punctual, well prepared and professional in their approach to education;
- manage learner performance effectively and motivate Students to achieve realistic and meaningful personal educational goals;
- be sensitive to the needs of their Students and address learning difficulties in a positive manner;
- praise, encourage, recognise and reward Students who strive to achieve;
- create a classroom climate which is based on a learning partnership which makes education both relevant and stimulating;
- set a positive example for their Students to follow;
- administer discipline correctively and with dignity when necessary.

1.2. General conduct expected of Parents

The College prides itself on having good relations with the Parents of Students. While Parents may expect the College and its teachers to provide the best education possible with the resources available to the College, Parents must also accept the responsibility to help the College achieve this goal.

Parents are required to:

- ensure that the Student understands the Code of Conduct and complies with the terms thereof;
- actively support the efforts of the College and its teachers to teach the Student;
- involve themselves as far as they are able, to support the Student and the College to contribute to the improvement of the Student's progress and the Colleges' education process and learning environment;
- treat the members of staff/employees of the College with respect at all times;
- encourage the Student to participate fully in the College and extra-mural activities;
- participate in the learning process and assist the Student with homework and give appropriate support at home, provide encouragement, check results and communicate freely with the College;
- not expect the College to meet the Student's every need and work with the College to overcome any behaviour of the Student which negatively impacts on the learning environment;
- ensure that the Student is in attendance at all compulsory attendance functions and activities, and that the College's timekeeping requirements are observed;
- support the disciplinary structures and procedures of the College in the interests of maintaining an orderly and positive educational environment;

- Parents are expected to conduct themselves courteously at sports fixtures and refrain from making disparaging remarks about referees, judges or players. Coaching from the side or interfering with the coaches is not permitted and good play should be applauded and encouraged on both sides;
- understand that Parents, and not the College, are primarily responsible for laying down a moral, ethical and disciplinary framework within which the Student must conduct him/herself;
- encourage the Student to adopt a responsible and self-disciplined approach to all College related activities;
- supervise the Student in his/her use of technological equipment, including cell phone usage and internet access. Access to undesirable information and material can affect the well-being and behaviour of a Student and his/her peers;
- in the interests of the Student's well-being, parents must keep the College informed of matters which affect the Student including health, family matters, welfare, traumas etc;
- maintain a courteous and constructive relationship with College staff; and attend meetings and otherwise keep in touch with the College where the Student's interests require the Parents to do so; and
- the Head may in his or her discretion require the Parents to remove or may suspend the Student if the Parents behaviour is in the reasonable opinion of the Head so unreasonable as to affect or likely affect the progress of the Student or of another child (or other children) at the College or the wellbeing of the College staff or to bring the College into disrepute.

1.3. General conduct expected of Students

Students are required to:

- recognise that they have responsibilities to their Parents, the College, teachers, their fellow Students and themselves;
- refrain from behaviour which brings the good name of the College into disrepute;
- comply with the College rules and instructions given by the teachers and Head of the College;
- behave responsibly, not endanger the safety and welfare of others and be accountable for their actions;
- adopt a responsible and self-disciplined approach to all College related activities;
- use technological equipment, including the internet on and off campus and cell phones off campus , in a responsible and considerate manner;
- respect and care for the property of the College and others;
- maintain sound relations with others at the College, be courteous and respect the dignity and self-worth of others;
- be punctual and observe the timekeeping practices of the College;
- demonstrate a positive attitude towards the opportunity to learn and be diligent in their efforts to learn;
- behave honestly and conduct themselves with integrity;
- accept legitimate punishment and disciplinary action taken against them as being both necessary and corrective; and
- take care of their environment.

1.4. Rights and Responsibilities of Students

The rights and responsibilities of Students should be read in conjunction with the general Code of Conduct expected of Students:

	Students' Rights	Students' Responsibilities
1	I have the right to move about the College without being laughed at, pushed, threatened or harmed in any way, either verbally or physically.	I am responsible to see that I do not laugh at, hit, push, or in any way harm, verbally or physically, other people in the College.

1.5. College Rules

The College Rules set out certain specific behaviour/conduct expected of Students and should be read in conjunction with the general conduct expected of Students set out in paragraph 4 above.

The College Rules attempt to instil orderliness, safety awareness, self-discipline, honesty, commitment, respect, fair play and responsibility.

Maintaining discipline and ensuring orderly classroom behaviour is an integral part of every teacher's job. The onus therefore lies with the College's Management and/or teachers to apply the rules in an effective and equitable manner in the interests of the well-being of the College and all its stakeholders.

The following specific rules define the behaviour expected of Students, but are not exhaustive. Students must be advised of these rules and are bound to comply with the Rules.

- **Timekeeping and being on time**

Students are expected to be punctual for all College activities.

- **Chapel/Assembly/Concerts/School Functions**

Cell phones may only be used before school starts, during breaks and after school closes.

These items may not be taken into test or examination venues and may not be used as calculators or stopwatches at the College.

No pupil may play music aloud from any of these devices at any time while on the College grounds or in school or sports uniform.

Inappropriate use will result in confiscation of the device and the SIM card where applicable for seven (7) calendar days.

Absence from College on account of holiday arrangements is not encouraged, although the Head may be approached where special reasons pertain.

Some College sports are compulsory and this may involve practices and matches on weekday afternoons and/or Saturday mornings.

When Students have opted to attend games or any other College activity, they will be deemed to have made a commitment and may only be excused by a note from their Parents which has been duly approved by the relevant teacher, coach or housemaster.

If games or activities are interrupted because of bad weather, the Students will be supervised until the normal finishing times, or may be fetched early by arrangement with the staff member in charge.

The speed limit of 25 km/hour must be adhered to. During school hours motorbikes and motor vehicles must be parked in the designated parking areas. No Student may give another Student a lift. The College is not responsible for any damaged caused to the motorbike or motor vehicle parked in its grounds and are parked at the Student and/or Parents' risk. The grounds may not be used by people of any age learning to drive. This privilege may be withdrawn at any time if there is abuse of these rules.

2. DISCIPLINARY PROCEDURE

2.1 General approach

To ensure that the College has a consistent and fair approach to Student discipline, the College has developed the following Disciplinary Procedure for Students, which is based on the Procedure and Code: Learner Discipline outlined by the Independent Schools Association of South Africa (**ISASA**) (updated 2007). This Disciplinary Procedure may not be amended, except in writing, by the Head of the College and duly authorised by the Council.

While discipline is intended to correct inappropriate behaviour, positive recognition and reward is acknowledged as the first resort for sustained acceptable behaviour and achieving potential. The College fully supports the principles of fair discipline and the consistent application of appropriate and corrective disciplinary measures where necessary.

Should expected norms of conduct not be met by any Student, corrective action will be initiated by the College's Executive and/or teachers as set out herein. Corrective action may or may not include the application of formal disciplinary measures, any formal steps being applied in order to prevent further occurrences of unacceptable behaviour or to restore the teacher/Student relationship. The teacher(s), Head, or their delegates, as the case may be, are entitled to apply action that they believe is appropriate and fair in the circumstances, within the guidelines provided by the Parent Contract.

The Code of Conduct and Disciplinary Procedure is not intended as an exhaustive guideline of the conduct/rules which a Student is intended to comply with, or the steps to cope with all disciplinary-related issues. Rather, it is intended to indicate fundamental values and principles according to which Students are expected to conduct themselves, as well as a framework within which corrective action and discipline can effectively be implemented by the College.

The Student and Parents accept that a particular sanction imposed after the disciplinary process is legitimate, fair, final, binding and is a necessary consequence of the breach of a College Rule. All parties involved are encouraged to refrain from threats, abuse of power, bias, dislike or interpersonal difficulties that may compromise the authority of the disciplinary process or the atmosphere of equity, due process and fairness.

2.2 Infringements

Various types of disciplinary misconduct or infringement, and the sanction recommended to be taken when such misconduct or infringement occur, have been categorised into type 1, 2 and 3 infringements, and are set out in section 7 below.

2.3 Disciplinary action

Various forms of informal and formal disciplinary measures may be initiated by the College. The severity of the action taken by the College will depend on the circumstances, the seriousness of the infringement and any mitigating or aggravating factors being of relevance.

2.3.1 Informal disciplinary action

Informal disciplinary action that may be applied by the College includes:

- reprimand or counselling by a teacher or a member of the Executive;
- detention (including Saturdays) or time punishment, writing exercises, suspension from College activities (internal or external, or both) for not more than 5 (five) school days;
- a programme of School Service run by the Prefects; or
- light manual work at College.

Infringements that are not considered serious, or do not require formal disciplinary action in the opinion of the Student's responsible teacher, can be dealt with directly by the teacher, without the consent of the Executive or the Head, as the case may be.

Parents and the Student accept that compliance with the imposed penalties may, on occasion, cause disruption and inconvenience to the Student's family, but that this often a consequence of progressive discipline and Parents agree to support the College.

Informal disciplinary action is not generally recorded on the Student's record, but may still require communication with the Parents.

2.3.2 Formal disciplinary action

Formal disciplinary action that may be applied by the College, or any combination thereof, includes:

- a recorded warning or demerit;
- Parent contact and an interview with Parents, generally after an investigation by the College;
- removal of a privilege(s);
- light manual work at College or community service;
- suspension from class, specific activities or from attending the College, pending the convening of a formal disciplinary hearing, and/or as a form of corrective action suspension may be assigned without a disciplinary hearing with the permission of the Parents; or
- expulsion, as a last resort in the case of Very Serious Misconduct or repeated infringements, usually after the conducting of a disciplinary hearing, unless a hearing is declined by the Parents.

Discipline will, wherever feasible and effective, be applied purposefully. Repeated committing of a similar or related offence will result in incrementally more severe action being taken, particularly where a clear pattern or trend is indicated by the Student's continued misconduct. A very serious first incident may, however, justify a severe penalty, and mitigate against the imposition of a lesser form of action.

Warnings/demerits issued by the College will be noted on the Student's record. Copies of warnings/demerits issued will also be provided to the Parents. Parents are required to sign demerit slips and return them to the College to indicate that they have been made aware of the infringement.

2.3.3 Disciplinary Action and Investigation

When an infringement occurs which may require formal disciplinary action, the teacher, or preferably the relevant Grade Head of the Student concerned (as appointed by the Head) (**the Investigator**), or a Parent or other Student/s will initiate the disciplinary process by reporting the incident to a member of the Executive. A report or complaint may be supplemented by any additional information or statements to clarify or adequately detail the facts surrounding the alleged infringement.

The Investigator will lead the investigation, formulate the charge and present the evidence at the disciplinary hearing. This assessment usually takes the form of an informal investigation, which generally includes an opportunity for the Student to "state his/her case" in response to the complaint. All interviews with possible culprits and witnesses will be conducted confidentially. Any notes taken by the Investigator and/or any witness present during the investigation will be for the personal use of the Investigator only and will not form part of the official record of any proceedings. Students may be asked to make written statements, which must be signed and dated and may be used later in any procedures that follow the investigation. Any such person shall be entitled to read the statement before signing it and shall be given a personal copy to keep.

In cases where the alleged behaviour may amount to Very Serious Misconduct, a second member of staff will be present for all interviews with the Investigator and all present will be expected to tell the truth. Any deceit may be considered an aggravating factor in determining punishment, if guilt is established.

A teacher chosen by the Student shall act for the Student at the hearing. The Parents/Legal Guardians of the Student will be informed of the hearing before it commences and may be present at the hearing, but will only be allowed to participate in the proceedings when the Disciplinary Committee has made a decision as to the guilt (or not) of the Student and is considering the appropriate sanction/penalty.

The Head or the Investigator may consult with the Disciplinary Committee in order to decide on appropriate corrective action. The Disciplinary Committee represents different view-points and constituencies in order to maintain as balanced a view as possible in recommending an appropriate penalty. The **Disciplinary Committee** consists of all or some of the following:

- the Head;
- the Deputy Head of Academics, the Deputy Head of Extra Curricular, and the Director of Student Affairs (one of which is appointed as the **Chairperson** by the Head);
- a friend, family member or teacher, chosen by the Student to be present in a supportive capacity;

- any other person who may be of assistance to the Disciplinary Committee, at the discretion of the Chairperson.

If deemed appropriate, an interview with Parents will be conducted.

If, after investigation:

- the infringement is confirmed, but is considered to be of a nature that does not require a formal disciplinary hearing, the Investigator/Executive member may counsel the Student and issue the appropriate penalty, warning or demerit to the Student(s) concerned; or
- the infringement is confirmed and is considered to be of a serious nature, it will be referred for a formal disciplinary hearing.

2.3.4 Formal Disciplinary Hearing

Category 1, or in the case of repeated category 2 and/or 3 infringements and prior disciplinary action not having its expected effect, will be referred for a disciplinary hearing.

A notification of a hearing will be given to the Parents of the Student concerned. This notification must provide sufficient information to ensure that the Student and Parents are properly informed of the alleged complaint, the seriousness of the allegations, and the College's intention to convene a hearing to investigate the infringement.

The Parents will be notified of the hearing at least 2 (two) business days before the scheduled hearing.

The Student may be suspended pending the hearing, if this is considered appropriate, bearing in mind the circumstances, the right to education and the seriousness of the alleged misconduct, and other parties who may be involved. The suspension of the Student will be indicated in the notification to the Parents, the period of suspension preferably not exceeding five 5 (five) school days.

The Student and his/her Parents must be advised that they are expected to attend the hearing, as their non-attendance may prejudice the Student's case, resulting in the hearing being held in their absence, and a decision being made without their involvement.

The Student and Parents must also be advised of the serious nature of the allegations, and the possibility of formal and severe disciplinary action being taken should the Student be found guilty of the allegations made against him/her.

Legal representation at a disciplinary hearing is not permitted, unless the College and the Parents mutually agree that it is appropriate for both parties to be professionally represented.

The conducting of the hearing is of great importance and must be chaired by an objective member of the Executive of the College, or a suitably qualified and experienced third party. The Chairperson will be responsible for leading and managing the hearing process, and making the critical decisions as to the guilt or innocence of the Student relative to the allegations made.

The Investigator may only attend the Disciplinary Hearing to present the case and is not involved in the deliberations of the Disciplinary Committee.

The Chairperson makes the final decision, after due consideration of mitigation and aggravating factors. Other members of the Disciplinary Committee are present to assist the Chairperson to make a decision, firstly to the guilt and secondly to the appropriate penalty for the Student.

The Chairperson may refer the matter back to the Investigator for further investigation, in which case the Disciplinary Committee will reconvene at a later date set by the Chairperson to hear further evidence, but not more than 5 (five) school days thereafter.

After the completion of the hearing, any penalty decision made (ie whether to impose disciplinary action or not) should be formally communicated to the Parents and supported in writing by the hearing chairperson.

This notification must include a reminder that the Student has the right to review/appeal against any action decided upon, within 5 (five) school days of the hearing's outcome being communicated.

NB. Copies of all disciplinary documentation will be retained by the College for record and safekeeping purposes.

2.4 Review/appeal process

2.4.1 Review process

The Parents have the right to request a review against any formal disciplinary action imposed by the College, within 5 (five) school days of receiving written notification of the Chairperson's decision, being the outcome of the disciplinary hearing. The Parents' request for review must be in writing and detail in full their grounds for the review.

The granting of a review against a decision of the Chairperson of a hearing, only entitles the Student to a review of the finding of the hearing and all the matters raised at the disciplinary hearing will not be "re-heard". No new information may be introduced at the review hearing. The review procedure is limited to reviewing the decisions made at the hearing and is based on the grounds and motivations lodged in the review motivation.

Typical grounds for such a review may include:

- the Disciplinary Procedure was not properly followed;
- the decision on guilt was not considered correct or fair;
- the decision regarding action to be taken was considered inappropriate;
- mitigating factors were not properly considered;
- the hearing chairperson was considered to be biased, did not apply his/her mind, or supposedly made a subjective decision; or
- the Student was not in a position to properly present his/her case.

If after assessing the request for a review, it is deemed appropriate to proceed with a review hearing, the School will elect a new chairperson, who must be an objective member of the Executive of the College, or a suitably qualified and experienced third party. The review chairperson will be responsible for leading and managing the review process, and making the critical decisions.

The review should wherever possible be conducted within 5 (five) school days of receipt of the review motivation, in accordance with the principles highlighted in above.

If the Student has been suspended or expelled pursuant to the findings of the hearing, the submission of the request for a review will not affect the suspension/expulsion, which will remain in effect until the review process has been concluded. In the case of any other formal disciplinary action being imposed by the hearing Chairperson, the imposition of such action will be held in abeyance pending completion of the review process.

The conclusion of the College's review procedure is the final step in the College's disciplinary process and marks the exhaustion of internal disciplinary measures.

2.4.2 Appeal process

Should substantial new and relevant evidence come to light after the hearing, the Parents have the right to request an appeal against the formal disciplinary action imposed by the College.

The granting of an appeal against a decision of the chairperson of a hearing, enables new and relevant evidence to be introduced and the matter will be "re-heard".

The Parents wishing to request an appeal must motivate their request in writing, detailing in full their grounds for the appeal. The request for the appeal must be submitted to the Head within 5 (five) school days of the hearing chairperson's decision having been communicated to the Parents, so as not to delay proceedings.

If after assessing the request for a review, it is deemed appropriate to proceed with an appeal hearing, the College will elect a new chairperson, who must be an objective member of the Executive of the College, or a suitably qualified or experienced third party. The appeal chairperson will be responsible for leading and managing the appeal process, and making the critical decisions.

The appeal should wherever possible be conducted within 5 (five) school days of receipt of the appeal motivation in accordance with the principles highlighted above. If the Student has been suspended or expelled pursuant to the findings of the hearing, the submission of the request for an appeal will not affect the suspension/expulsion which will remain in effect until the appeal process has been concluded. In the case of any other formal disciplinary action being imposed by the hearing Chairperson, the imposition of such action will be held in abeyance pending completion of the appeal process

The conclusion of the College's appeal procedure is the final step in the College's disciplinary process and marks the exhaustion of internal disciplinary measures

2.5 Collective Disciplinary Action

The Disciplinary Procedure is principally designed to deal with instances of misconduct or infringement by individual Students. Alleged misconduct by a group of Students, usually acting in concert with one another, or where the infringements are of a similar nature or objective, is considered as being collective misconduct.

Generally, collective misconduct is more effectively dealt with on a collective basis. An investigation into the alleged misconduct may be conducted with regard to all of the Students concerned. A single disciplinary hearing can then be conducted with the Students concerned, with their Parents present.

The same procedures as provided for above are followed in a collective situation. In a collective disciplinary hearing, however, individual Students must still be provided, during or immediately after the hearing process, with the opportunity of demonstrating that their own circumstances may be different to that of other Students or the group involved, and of showing why they should be treated differently.

In certain cases, however, it might be considered appropriate by the College to conduct separate investigations or hearings with individual Students. The College reserves its right to exercise its option to conduct individual or collective procedures.

2.6 Expulsion

If the penalty contemplated by the Disciplinary Committee is expulsion from the College, the Head may request an interview with the Parents of the Student, for purposes of determining whether or not the College is the best environment for the Student, given the incident/s of alleged Very Serious Misconduct and considering the rest of the Student's record at the College. The Head may suggest, or the Parents may request, that the Student be removed from the College. If the Head and the Parents agree, the Parents will then confirm in writing that they intend to remove the Student from the College. The Head will acknowledge this request in writing to the Parents and the College will take all reasonable measures to assist the Student and the Parents to find a place for the Student at another school.

If the Parents do not wish to remove the Student from the College as immediately above, the College may conclude the disciplinary hearing.

In any interview discussions with the Parents, the Head will have another member of the College staff present who shall keep written minutes of the interview.

In instances where expulsion is the penalty decided upon at the disciplinary hearing, the Parents will be asked to remove the Student either immediately and without notice, or at a specified date that is shorter than a full term, with written notice, as is reasonable under the circumstances. The College will not be required to give the Parents a full

term's written notice under these circumstances. In instances of expulsion, the Deposit will be forfeited, however, any prepaid fees will be refunded to the Parents within 30 calendar days.

2.7 Disciplinary Infringements and Recommended Sanction

The College Rules set out examples of offences likely to be punishable by suspension or expulsion. These examples are not a closed list and a Student may be expelled or suspended for offences which are not included in these examples. In particular, the Head may decide that suspension or expulsion for a lesser offence is justified where there has been previous misbehaviour by the Student or the circumstances of the case otherwise justify such action.

Certain infringements set out below envisage that the misconduct may take place by the Student in person or by way of the use of technological devices e.g. a cell phone, internet etc.
